Quality :

Our commitment to Quality Assurance goes beyond the ordinary. We firmly believe that it is an integral element of our production, along with price and service. At our factory, we implement rigorous quality assurance measures, including regular fabric testing and inspections.

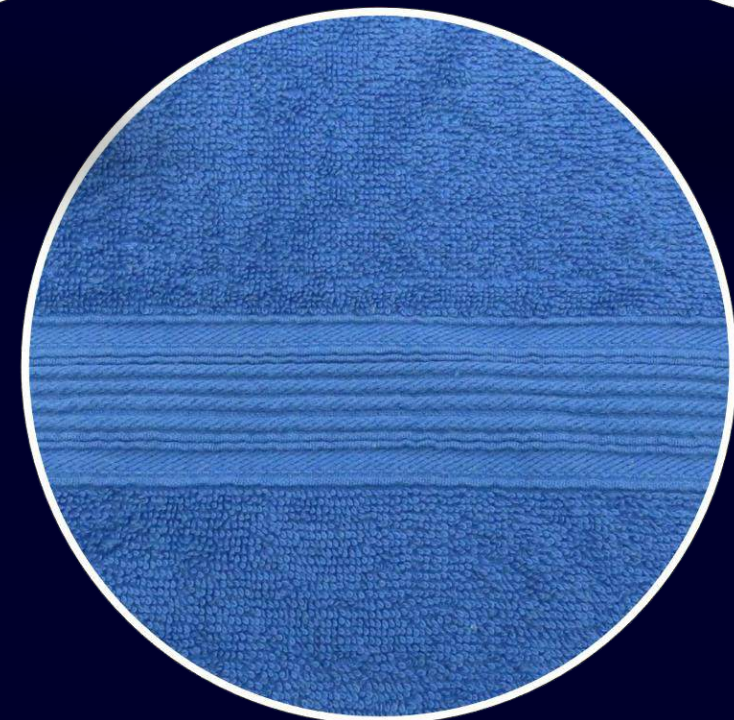

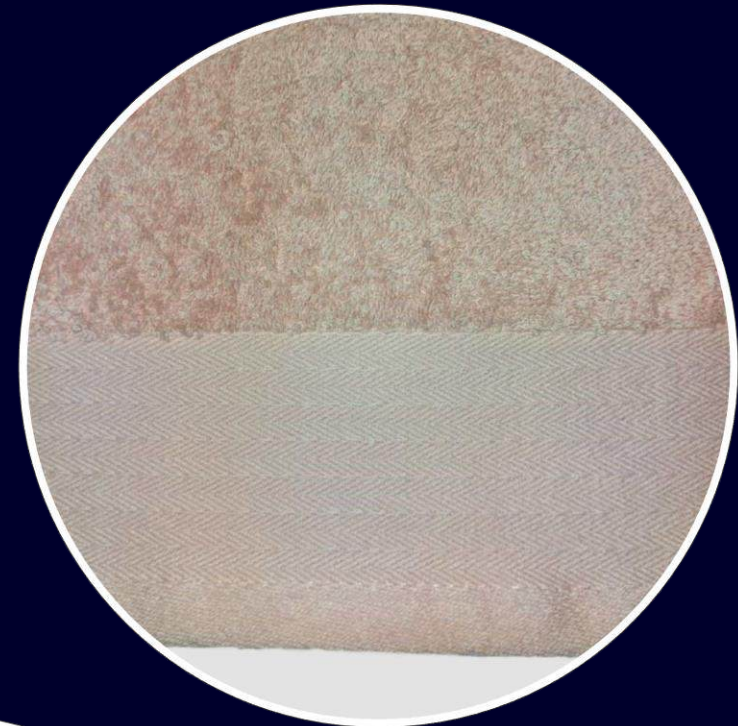

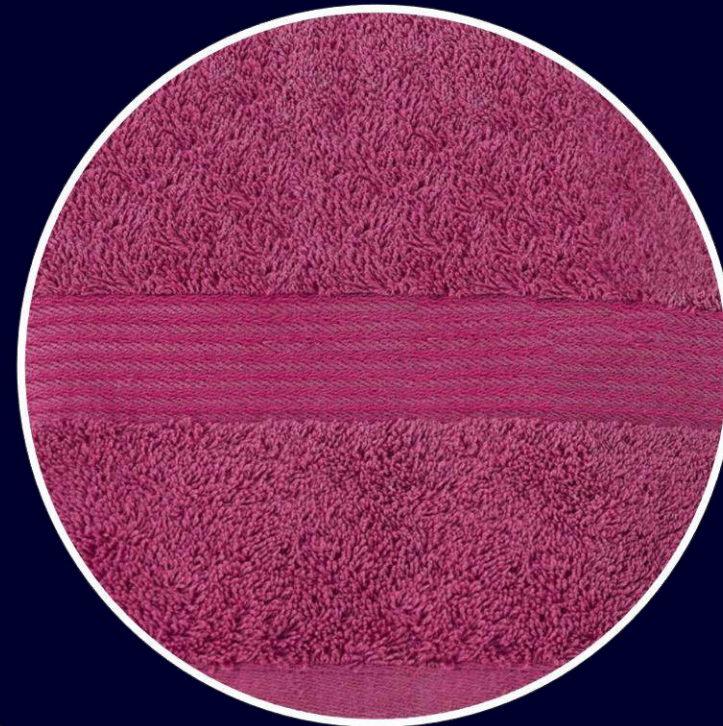

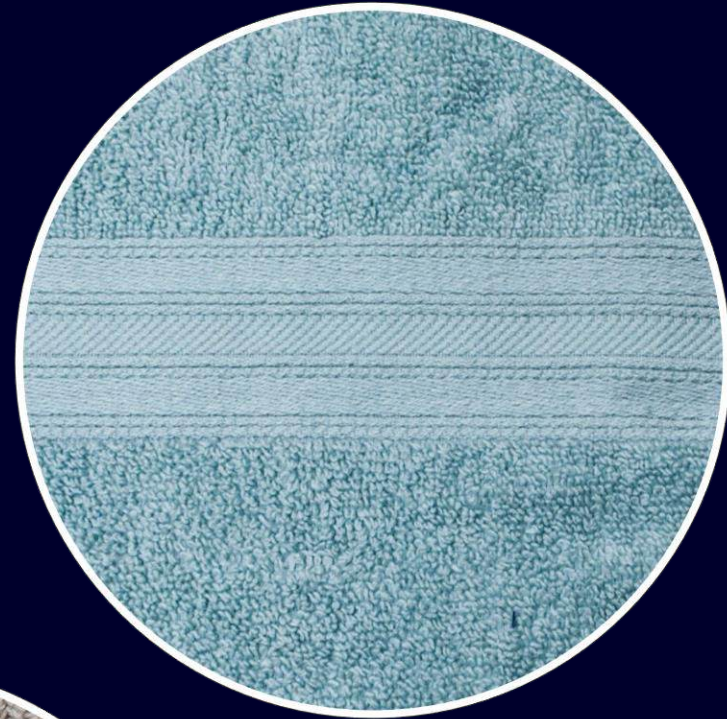

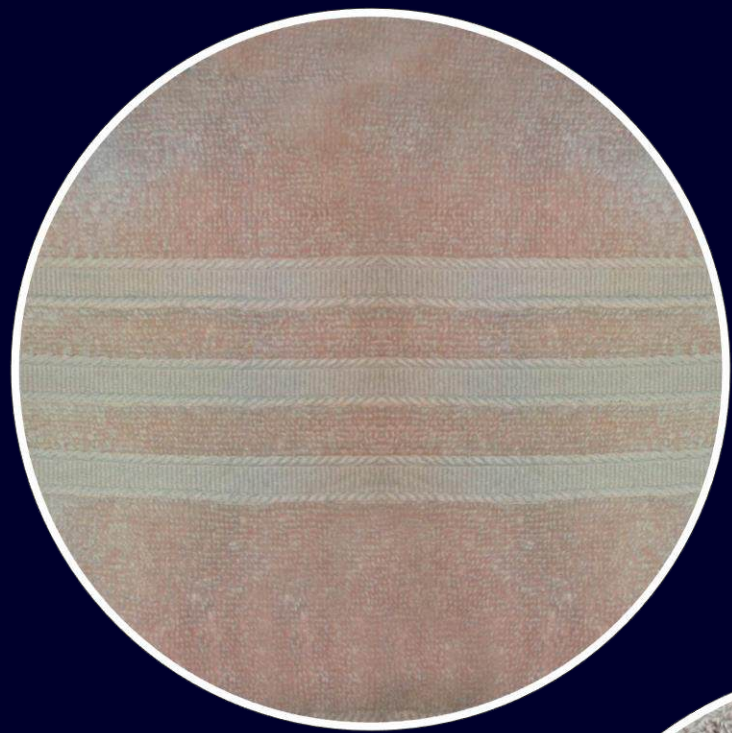

Pricing :

Pricing is the most important part b/w customer and vendor. As per current global market competition customers try to get good quality product in low pricing. Hence in this situation, we try to meet customer target price as per requirement and market competition.

SAYA INDUSTRIES_{LLC}
WEAVE YOUR VISION

Quality Assurance

We consider our selves very conservative when it comes to quality standards in today's world success is behind quality which we take very seriously. Our quality checks are being conducted throughout the production cycle. From grey fabric checking till the final reconciliation of packaging.

Quality department starts its working in following ways:

- ✦ All in-house testing as per required parameters.
- ✦ Regular inline / midline & Final Inspections.
- ✦ Report sent for customer approval before finalization. .

SAYA INDUSTRIES LLC
WEAVE YOUR VISION

Initial Production Inspection IPI.

Initial Production Inspection (IPI) is conducted before production begins. It identifies defects, minimizes non-conformities, ensures vendor understanding, and addresses deviations from specifications early.

Advantages:

- ◆ Ensure your requirements are met
- ◆ Preview the production process
- ◆ Avoid wasting time.
- ◆ Ensures Accuracy.
- ◆ Right product at the right time frame.

SAYA INDUSTRIES LLC
WEAVE YOUR VISION

During Production Inspection DPI.

During Production Inspection (DPI) checks goods during production (40-20% completion). It improves control, corrects defects, and enhances quality.

Advantages:

- ✦ Verify your order is on schedule
- ✦ Make adjustments early in the production cycle.
- ✦ Ensure Golden Sample compliance for your products.
- ✦ Strong Monitoring.

SAYA INDUSTRIES LLC
WEAVE YOUR VISION

Final Random Inspection FRI.

Final Random Inspection (FRI) checks finished products (80% completion) for compliance with specifications and purchase order terms.

Advantages:

- Verify your goods before they are shipped.
- Approve final payment in confidence to the correct product.
- Refuse the order if it does not meet your requirements.

SAYA INDUSTRIES LLC
WEAVE YOUR VISION

Container Loading Supervision CLS.

Container Loading Supervision (CLS) ensures complete, secure loading of goods into containers. It verifies compliance with quantity, assortment, packaging requirements, and checks container condition.

Advantages:

- ◆ Ensure that your whole production is shipped
- ◆ Get your goods loaded with care.
- ◆ Check the condition of your containers
- ◆ Verify the correct quantity has been loaded

SAYA INDUSTRIES_{LLC}
WEAVE YOUR VISION

SHIPPING & LOGISTICS

Saya Industries ensures complete, secure loading of goods into containers. It verifies compliance with quantity, assortment, packaging. Also checks export carton security and container condition.
