This international standard which means they have skin-friendly properties as they have been manufactured without the use of harmful chemicals **made in green**

The filling of our Eco duvets and pillows are made from recycled plastic bottles which are extruded into soft, non-allergenic fibres. This process produces around 70% fewer carbon dioxide emissions, uses 70% less water and 40% less energy compared to standard fibre production. Eco duvets and pillows also comply with the OEKO-TEX.

ECO PILLOWS

Filled with 100% soft non allergenic fibres recycled from plastic and finished with a 100% cotton cover. The Eco pillow provides the benefit of exceptional comfort while remaining environmentally friendly.

COMPARE ECO PILLOWS

Fabric: Recycled Hollowfibre
Cover: 100% Cotton

ECO DUVETS

The Eco duvet has a filling made of 100% recycled plastic bottles which have been extruded into soft, non-allergenic fibres. The 10.5 tog duvet is finished with channel stitching and a 50/50 polycotton cover.

COMPARE ECO DUVETS

Filling: Recycled Hollowfibre

Duvet Production

Multi Needle:
Our Digital Multi Needle Machines are wider width with auto thread & reverse stitching options, helping to create your perfect quilting patterns.

Single Needle:
Our digital Single Needle Machines can create any design possibly imaginable.

Pillow Production

Fully automatic blown fill line:
our automated pillow production converts raw fibre into open fibre and also directly into ball fibre, before being blown directly into the shaken pillow.
